

Dear customer

Please be advised we are planning our yearly maintenance program for *Moana Chief*.

Voyage 4255 will arrive Auckland 24 December 2020 for discharge only then will move to lay-up berth until loading operations commence 07 January at Fergusson terminal for *Moana Chief* v.4258

Due to current disruptions impacting shipping line schedules, we are unable to name replacement vessels over this period until closer to the lay-up date.

Meantime, please refer to attached below *Moana Chief* sailing schedule for rest of year and first voyage returning from lay-up Jan 2021.

Please advise if any questions

Kind regards

Andrew Beale
