

31 March 2021

Pacifica BAF update – May 2021

Please be advised that effective from 01 May 2021 our Bunker Adjustment Factor surcharge will change from the current percentage of freight rate, to a per container rate.

The revised format brings Pacifica into alignment with the BAF convention of our parent company, Swire Shipping, and the quantum will not be impacted by future rate reviews. As follows :

NZ\$ 130 per 20'

NZ\$ 260 per 40'

The EBAF (Emergency Bunkerage Adjustment Factor) provision included in the April BAF to has been set at nil effective 01 May 2021.

EBAF will be applied if consumption exceeds expected levels due to external factors requiring vessel to operate above service speed to maintain normal service.

BAF will be reviewed again at end of April to apply from 01 June 2021.

If you require more information, please contact your local Pacifica Shipping representative.

Kind Regards,

Pacifica Shipping
